

SINGER EQUIPMENT CO., INC. ACQUIRES ASSETS OF M TUCKER CO., INC.
Strategic Acquisition Expands Full Distribution and Market Coverage from Connecticut to
Maryland

ELVERSON, PA – June 17, 2011 – Singer Equipment President and Chief Executive Officer, Fred Singer, announced the acquisition of the assets of the M Tucker Co., located in Paterson, NJ. M Tucker is the leading foodservice E&S dealer in the greater New York City market, providing a complete offering of foodservice equipment, tabletop, disposables and smallwares to major restaurant and foodservice operators. Stephen Tucker and Marc Fuchs will continue on as the executives leading the new division which will operate as M Tucker, a division of Singer NY, LLC.

"With the addition of the M Tucker distribution center in Paterson to our distribution network, and the addition of the experienced and knowledgeable M Tucker sales force, the combined company will be able to provide distribution solutions to customers over a much broader geography. We strive to be the most responsive and knowledgeable foodservice equipment and supplies distributor in the country. M Tucker is known for a similar focus on delivering outstanding service to its customers. We welcome the M Tucker team and look forward to growing the business," said Singer.

"We look forward to partnering with Singer," said Stephen Tucker, President of M Tucker. "Our customers can expect the same great service and an even broader line of inventory, especially in equipment. This is a wonderful opportunity to recognize greater efficiencies and bring new opportunities to our customers and employees," said Tucker. Executive Vice President Marc Fuchs added, "We are excited about the prospects that this partnership brings to our customers, expanding on our traditions of service, responsiveness and expertise."

Singer Equipment Company, currently the seventh largest foodservice equipment dealer in the United States, is the leading foodservice equipment dealer in the mid-Atlantic market. Singer also provides nationwide service to chain restaurants and contract feeders. With this acquisition, the combined entity will be the fourth largest foodservice equipment and supplies dealer in the country. "Singer will continue to look for other strategic acquisitions that enhance our ability to service key markets and customers," says Singer.

Founded in 1918, Singer is known for its broad inventory, high level of service and excellence in completing new kitchen installation projects. Singer maintains a multi-million dollar inventory of equipment as well as tabletop, kitchen, disposable and janitorial supplies — over 10,000 items available for immediate delivery.
